## ABOUT

Association of Samastha Minority Institutions (ASMI) is a coordination of English medium schools run under the aegis of Samastha Kerala Islam Matha Vidyabhyasa Board (SKIMVB), formally established with an explicit goal of providing quality education, promoting academic excellence and inculcating strong moral values in the students in order to bring them up as self sufficient individuals who will be an invaluable asset to the generations to come.

The goal will hopefully be fulfilled through its intensive and timely training for teachers, parents, children and caretakers. ASMI attaches equal importance to both curricular and co-curricular activities so as to equip the students to face the rapid changes and challenges of modern competitive fields. It also provides an integrated syllabus of high standard, designed and developed by renowned academicians.

## VISION

ASMI envisions a well-organised and carefully coordinated system of its institutions where SKIMVB has an instrumental role in educating, training and equipping its stakeholders to meet the growing competitive trends in the current world of education and career, abiding by the moral values which lead them into triumph in both the worlds.

## MISSION

To mobilise its institutions under the auspices of SKIMVB, coordinating both their curricular and co-curricular activities. To provide a core curriculum of quality education combined with moral and religious lessons stipulated by SKIMVB.
